1. What is TBP Global Strategist?

TBP Global Strategist is a digital platform designed to manage and support the TBP (The Borderless Project) Strategist Pathway. It serves as the central hub for strategists at every stage of their journey — from initial candidate onboarding through to paid advisory and implementation roles.

The platform operates within the **Neo-Polar Neutrality Global System (NPNGS)** — a multi-trillion dollar framework designed to move beyond gridlocked multilateralism and enable nations, businesses, and citizens to engage through neutral trade corridors, interoperable infrastructure, and shared digital/physical protocols while preserving sovereign identity.

The platform enables:

- **Onboarding & Progression** — Structured 7-step onboarding with fellowship payment processing, and a 6-stage career pathway with clear tasks and deliverables at each level
- **Work Area Management** — Assignment of strategists to 11 specialized work areas
- **Project Collaboration** — Browse, contribute to, and manage TBP projects across 6 core categories
- **Reporting & Feedback** — Submit reports, reflections, and task feedback in standard document formats
- **Messaging & Communication** — Direct messaging and conversation tools between strategists
- **Referral System** — Unique referral codes, commission tracking, wallet system, and payout requests
- **Payment Processing** — PayPal payment processing for onboarding fees and referral payouts
- **Administration** — Admin tools for user management, stage progression, role assignment, referral management, and oversight

2. System Overview

Area	Description
------	-------------

Marketing Site	Public-facing pages: Home, About, Contact, Insights, Initiatives, Innovation, Partners, Research, Summit
Individual Dashboard	Personalised home for each strategist showing stats, projects, progression pathway, activity feed, notifications, and submission tools
Projects	Browse and manage TBP projects with details, milestones, media, and contributor management
Strategist Profiles	Public-facing profile pages displaying expertise, work areas, current TBP projects, and stage information
Messages	Real-time messaging system with conversations and direct messages between strategists
Admin Panel	User management, stage changes, work area assignments, role management, and system configuration
Analytics	Dashboard analytics with charts and metrics for platform usage
Notifications	Real-time in-app notifications for stage changes, assignments, project updates, and system announcements

3. Platform Architecture

Component	Technology
Frontend	Next.js 16 (App Router) + React 19 + TypeScript
Styling	Tailwind CSS v4 with custom shadcn/ui components
State Management	Zustand + TanStack React Query
Form Handling	React Hook Form + Zod validation
Animations	Framer Motion
Backend	Next.js API Routes (44 endpoints)
Database	PostgreSQL via Supabase with Prisma ORM
Authentication	NextAuth.js v5 with Credentials + Google providers

File Storage	Supabase Storage for uploads
Email	Nodemailer for transactional emails
Deployment	Vercel (primary), Docker, PM2

4. Progression Stages

Stage 1 — Global Strategist Candidate

Onboarding & Orientation. Complete forms, sign agreements, review TBP materials, and identify where your expertise fits.

Stage 2 — Global Strategist

Exploratory & Contribution-Based. Attach to work areas, prepare research notes, project summaries, and sector opportunity maps.

Stage 3 — Strategic Contributor

Active Contribution. Support defined workstreams with project mapping, technical research, design development, and economic analysis.

Stage 4 — Project-Aligned Strategist

Project-Specific Work. Attached to a specific TBP project or corridor, contributing to brief development, technical notes, and investor-readiness material.

Stage 5 — Sector Lead or Workstream Lead

Leadership & Coordination. Coordinate contributors, set research priorities, review outputs, and report progress to TBP leadership.

Stage 6 — Paid Project Adviser

Paid Implementation Roles. Eligible for paid advisory, research, coordination, technical, or implementation roles on active funded projects.

5. Work Areas

Work Area	Description
Capital Advisory	Investment strategy, financial modeling, and capital deployment

Engineering	Technical design, infrastructure, and systems engineering
Architecture	Urban planning, building design, and spatial development
AI Automation	Artificial intelligence, machine learning, and automation solutions
Software Development	Platform development, applications, and digital tools
Energy	Energy systems, renewable solutions, and power infrastructure
Maritime	Port systems, shipping logistics, and maritime operations
Logistics	Supply chain, distribution networks, and trade facilitation
Policy	Regulatory frameworks, governance models, and policy development
Communications	Strategic communications, media, and stakeholder engagement
Regional Development	Regional planning, economic zones, and community development

Work areas are assigned by administrators. You can see your assigned areas on your individual dashboard and strategist profile page.

6. Strategist Categories

Category	Focus
Strategy & Policy	Strategic planning, policy development, and governance frameworks
Technology & Innovation	Digital transformation, emerging technologies, and innovation management
Finance & Investment	Financial advisory, investment strategy, and capital markets
Infrastructure & Energy	Physical infrastructure, energy systems, and utilities
Trade & Logistics	International trade, supply chain, and logistics optimization

Research & Analytics	Data analysis, market research, and strategic intelligence
Communications & Media	Strategic communications, public relations, and media strategy
Legal & Compliance	Regulatory compliance, legal frameworks, and governance
Human Capital	Talent management, organizational development, and HR strategy
Sustainability & ESG	Environmental sustainability, social governance, and ESG compliance
Partnerships & BD	Business development, partnership strategy, and stakeholder relations

7. TBP Project Categories

NPNGS Protocols

Frameworks, standards, and digital governance systems that operationalize neutrality — enabling interoperable trade, finance, and collaboration across sovereign boundaries.

Infrastructure Systems

Strategic, modular infrastructure assets — including energy, logistics, and digital corridors — that anchor neutral trade and collaboration networks.

City & Regional Development

The transformation of cities and regions into neutral innovation and trade hubs, through integrated planning, clean energy transition, and smart infrastructure.

Sovereign & Multipolar Initiatives

Aligning sovereign and multilateral initiatives with neutral governance models, fostering interoperability between global systems and frameworks.

Software & Digital Platforms

Core digital engines that power TBP operations — such as data interoperability tools, trade registries, and smart-contract systems — ensuring transparency and efficiency.

Event Systems & Global Engagements

Design, management, and delivery of TBP-led summits, forums, conferences, and pilot events that advance the NPNGS vision and foster global collaboration.

8. Onboarding & Fellowship

The TBP Global Strategist platform features a comprehensive 7-step onboarding process designed to collect participant information, establish legal agreements, and process fellowship payments.

Onboarding Steps

Step 1 — Participant Details

Account Creation & Personal Information. Create your account with email and password, then provide your full name, preferred name, phone number, city, country, LinkedIn URL, current status, areas of interest, and referral code (if applicable).

Step 2 — Overview

Review & Confirmation. Review your submitted information and confirm accuracy before proceeding.

Step 3 — Fellowship Pathway

Payment Plan Selection. Choose between Standard Fellowship (\$1,200) or Plus Fellowship (\$1,500) pathways with different benefit tiers.

Step 4 — Agreement

Legal Agreement Review. Review the TBP fellowship agreement terms and conditions.

Step 5 — Terms Signing

Terms Acceptance. Accept 7 required terms covering code of conduct, intellectual property, privacy policy, refund policy, and accuracy declarations by checking each checkbox.

Step 6 — Payment

Fellowship Payment Processing. Complete your fellowship payment via PayPal.

Payment is processed securely through our integrated payment provider.

Step 7 — Completion

Onboarding Complete. Confirmation of successful onboarding with next steps and pathway information.

Fellowship Pathways

Pathway	Amount	Description
Standard	\$1,200	Core fellowship benefits including platform access, work area assignment, and progression pathway
Plus	\$1,500	Enhanced fellowship with additional benefits, priority project assignment, and extended support

Payment Provider

Provider	Methods	Description
PayPal	PayPal Balance, Cards, Bank	PayPal checkout with multiple payment options

Fellowship payments are processed securely through PayPal. All payment information is encrypted and never stored on our servers.

9. Referral System

The TBP Global Strategist platform includes a comprehensive referral system that rewards strategists for bringing new members into the network.

How Referrals Work

1. **Generate Referral Code** — Each strategist receives a unique referral code upon activation
2. **Share Code** — Share your code with potential new strategists

3. **Registration Tracking** — When someone registers using your code, they are linked to your account
4. **Payment Verification** — Once the referred user completes their fellowship payment, the referral status updates
5. **Credit Processing** — After a 30-day hold period, referral credits are automatically approved
6. **Wallet Balance** — Approved credits appear in your referral wallet with available and paid balances
7. **Payout Request** — Request payout of your available balance via bank transfer or PayPal

Referral Statuses

Status	Description
PENDING_REGISTRATION	Referral link used, awaiting user registration
PAYMENT_RECEIVED	Referred user has completed fellowship payment
WAITING_APPROVAL	30-day hold period in progress
APPROVED	Referral credit approved and added to wallet
PAID	Payout processed and completed
CANCELLED	Referral cancelled or invalidated

Referral Wallet

Field	Description
Available Balance	Credits approved and available for payout
Paid Balance	Total amount already paid out

Referral credits are processed automatically after a 30-day hold period to ensure payment validity. You can request payout once you have available balance in your wallet.

10. Getting Started

Prerequisites

- You must be invited or approved to join the TBP Global Strategist pathway
- A valid email address
- Internet access to reach the platform

Platform Access

The platform is accessible via web browser at <https://www.tbpglobalstrategist.com>. Supported browsers include Chrome, Firefox, Safari, and Edge (latest versions).

9. Registration & Onboarding

Step 1: Create Your Account

1. Navigate to the platform login page
2. Click **Register** to create a new account
3. Provide your full name, email address, and create a secure password
4. Submit the registration form

Step 2: Complete Your Profile

1. After logging in, navigate to your profile settings
2. Add your professional details including title, bio, and years of experience
3. Select your sector and areas of expertise
4. Add your location (city and country)
5. Optionally add links to your LinkedIn profile and personal website
6. Save your profile

Step 3: Review Onboarding Materials

As a Stage 1 Candidate, your focus should be on learning and orientation. Key materials to review:

- TBP pathway documentation

- TBP Self-Onboarding Pack
- NPNGS materials
- TBP's physical project portfolio
- Understanding of trust, capital and corridor participation

Step 4: Submit Your Onboarding Reflection

Using the **Submit Report / Task Feedback** tool on your dashboard, submit a one-page reflection covering your understanding of TBP, aligned sector, project interests, expertise, and questions. Accepted formats: PDF, DOCX, PPTX, XLSX, CSV, TXT, RTF, ODT, ODS.

11. Profile Setup

Field	Description
Title	Your professional title or role
Bio	Brief professional background and interests (up to 2000 characters)
Sector	Primary sector of expertise
Category	Specialisation category from 11 available categories
Location	City and country
Years of Experience	Total professional experience
Availability	Current availability status
LinkedIn	Link to LinkedIn profile
Website	Link to personal or professional website

12. Next Steps

1. **Explore Your Dashboard** — Review your personal dashboard to see your current stage, stats, and active projects
2. **Check Your Work Areas** — See which work areas you have been assigned to
3. **Review the Progression Pathway** — Understand the tasks and outputs expected at your current stage
4. **Browse Projects** — Explore available TBP projects aligned with your expertise
5. **Submit Your First Report** — Use the submission tool to upload required reflections or task feedback
6. **Connect with Strategists** — Use the messaging system to connect with other strategists
7. **Share Your Referral Code** — Invite new strategists using your unique referral code to earn commissions
8. **Engage with Notifications** — Stay informed about stage changes, assignments, and platform updates

Need help? Contact TBP leadership or your organisation administrator for guidance on the strategist pathway.
