8. Next Steps

1. What is TBP Global Strategist?

TBP Global Strategist is a digital platform designed to manage and support the TBP (The Boundless Project) Strategist Pathway. It serves as the central hub for strategists at every stage of their journey — from initial candidate onboarding through to paid advisory and implementation roles.

The platform enables:

- **Onboarding & Progression** — Structured stage-based pathway with clear tasks and deliverables at each level
- **Work Area Management** — Assignment of strategists to specific work areas (Capital Advisory, Engineering, Energy, etc.)
- **Project Collaboration** — Browse, contribute to, and manage TBP projects across sectors
- **Reporting & Feedback** — Submit reports, reflections, and task feedback in standard document formats
- **Administration** — Admin tools for user management, stage progression, role assignment, and oversight

2. System Overview

Area	Description
Individual Dashboard	Personalised home for each strategist showing stats, projects, progression pathway, activity feed, notifications, and submission tools
Projects	Browse and manage TBP projects with details, milestones, media, and contributor management
Strategist Profiles	Public-facing profile pages displaying expertise, work areas, current TBP projects, and stage information
Admin Panel	User management, stage changes, work area assignments, role management, and system configuration

Notifications	Real-time in-app notifications for stage changes, assignments, project updates, and system announcements
----------------------	--

3. Progression Stages

Stage 1 — Global Strategist Candidate

Onboarding & Orientation. Complete forms, sign agreements, review TBP materials, and identify where your expertise fits.

Stage 2 — Global Strategist

Exploratory & Contribution-Based. Attach to work areas, prepare research notes, project summaries, and sector opportunity maps.

Stage 3 — Strategic Contributor

Active Contribution. Support defined workstreams with project mapping, technical research, design development, and economic analysis.

Stage 4 — Project-Aligned Strategist

Project-Specific Work. Attached to a specific TBP project or corridor, contributing to brief development, technical notes, and investor-readiness material.

Stage 5 — Sector Lead or Workstream Lead

Leadership & Coordination. Coordinate contributors, set research priorities, review outputs, and report progress to TBP leadership.

Stage 6 — Paid Project Adviser

Paid Implementation Roles. Eligible for paid advisory, research, coordination, technical, or implementation roles on active funded projects.

4. Work Areas

Work Area	Slug
Capital Advisory	capital-advisory
Engineering	engineering
Architecture	architecture
AI Automation	ai-automation
Software Development	software-development
Energy	energy
Maritime	maritime
Logistics	logistics
Policy	policy
Communications	communications
Regional Development	regional-development

Work areas are assigned by administrators. You can see your assigned areas on your individual dashboard and strategist profile page.

5. Getting Started

Prerequisites

- You must be invited or approved to join the TBP Global Strategist pathway
- A valid email address
- Internet access to reach the platform

Platform Access

The platform is accessible via web browser. Supported browsers include Chrome, Firefox, Safari, and Edge (latest versions).

6. Registration & Onboarding

Step 1: Create Your Account

1. Navigate to the platform login page
2. Click **Register** to create a new account
3. Provide your full name, email address, and create a secure password
4. Submit the registration form
5. Check your email for a verification link (if required)

Step 2: Complete Your Profile

1. After logging in, navigate to your profile settings
2. Add your professional details including title, bio, and years of experience
3. Select your sector and areas of expertise
4. Add your location (city and country)
5. Optionally add links to your LinkedIn profile and personal website
6. Save your profile

Step 3: Review Onboarding Materials

As a Stage 1 Candidate, your focus should be on learning and orientation. Key materials to review:

- TBP pathway documentation
- TBP Self-Onboarding Pack
- NPNGS materials
- TBP's physical project portfolio
- Understanding of trust, capital and corridor participation

Step 4: Submit Your Onboarding Reflection

Using the **Submit Report / Task Feedback** tool on your dashboard, submit a one-page reflection covering your understanding of TBP, aligned sector, project interests, expertise, and questions. Accepted formats: PDF, DOCX, PPTX, XLSX, CSV, TXT, RTF, ODT, ODS.

7. Profile Setup

Field	Description
Title	Your professional title or role
Bio	Brief professional background and interests
Sector	Primary sector of expertise
Category	Specialisation category
Location	City and country
Years of Experience	Total professional experience
Hourly Rate	Advisory rate (if applicable)
Availability	Current availability status
LinkedIn	Link to LinkedIn profile
Website	Link to personal or professional website

8. Next Steps

1. **Explore Your Dashboard** — Review your personal dashboard to see your current stage, stats, and active projects
2. **Check Your Work Areas** — See which work areas you have been assigned to
3. **Review the Progression Pathway** — Understand the tasks and outputs expected at your current stage
4. **Browse Projects** — Explore available TBP projects aligned with your expertise
5. **Submit Your First Report** — Use the submission tool to upload required reflections or task feedback
6. **Engage with Notifications** — Stay informed about stage changes, assignments, and platform updates

Need help? Contact TBP leadership or your organisation administrator for guidance on the strategist pathway.
